# Quiet environment

Located on the hillside of Petite Saline, this property benefits from great panoramic vistas on the bay of Lorient.

The house consists of 2 bedrooms with private bathrooms, and a luminous living-room with large French doors opening onto the terrace and pool. A fully equipped kitchen is to be found next to the living-room. A vast mezzanine could easily serve as an extra bedroom or a library.

Nestled in the heart of a quiet environment, this charming traditional house offers calm and complete privacy.

The house is in need of some improvement work.
