SIBARTH

REAL ESTATE

Inspiring Beauty

Villa Wickie is without a doubt one of St Barts' most prized architectural jewels this season.

The latest creation from the design studios of Olivier Dain, this immense property fringes Gustavia's animated center, all the while preserving absolute tranquility and a particularly impressive Western sea view.

Exemplary in every way, not even the slightest detail goes unnoticed, from the sprawling sun decks and crystalline swimming pools, to the hidden placards of the ultimate gourmet kitchen, right down to the fine Italian mosaics of the villa's imposing entry.

The new construction has 6 spacious bedrooms and 6 baths. The main building holds the master bedroom, living area, and kitchen which open onto a vast terrace and an infinity pool which faces the ocean. In the second structure, the bedrooms on the upper floor look out to the ocean, while the ground floor chambers lead out onto a casually elegant teak patio.

A perfectly exquisite diamond in the rough and an exclusive opportunity to be seized at once!

WIK
GUSTAVIA

6 bedrooms, 6 baths, pools

Lot: 0.50 acre

Price: € 19,000,000
